### WANT INDIVIDUAL TEAM MEMBER PAGES AS WELL?

If your team members wish to set up their own fundraising pages to support your team's target, they can now do so, but **ONLY** by setting them up from your **Team Page** (otherwise we have no record of who they are fundraising for!)

Here's how:

1. Go to your **team's page** on Enthuse (the url referred to above)
  - as an example....

2. Click

3. Create an account and follow the steps (similar to those described above)

All the donations raised on their individual page will automatically be added to your Team's fundraising totals. Friends etc. can therefore donate either - on the individual's page (as above)  
or - via the Team's main page.
